

**When the years have slowed my stride
and silver threads appear with pride
You remain Ozi V'zimrat Yah (my strength my song)
My strength my song
You've been with me all along
Through the valley through the flame
You have called me by my name
Your promises forever true
Elohei Adonai (My God, My Lord)**

Adonai Hineni (Lord Here I am)

Adonai oh Lord oh Lord

**You have numbered every tear
Walked beside me year by year
When I trembled, when I quake, you were there
You never swayed
Mountains moved and oceans stilled
By your hand your love fulfilled
Even now as seasons shift
Your covenant, my soul will live**

**Hineni (Lord Here I am) through every trial
Hineni (Lord Here I am) the faith not denial
Elohei avotai (My God, My Father)
You heard my cry, in your mercy I'll live, I'll rise
Adonai (Lord) you stay the same through every loss through every gain,
you will carry, you will guide
By your spirit, I abide
Hineni Adonai (Lord Here I am)
Lord I
Hineni (Here I am)
Adonai (Lord)**
